**FOR IMMEDIATE RELEASE – November 16, 2016**

**MEMREG, INC. ENHANCES OTC MARKET PROFILE  
WITH DTC ELIGIBILITY**

Phoenix, Arizona, November 16, 2016 -- (OTC Markets News Service). MemReg, Inc. a Nevada corporation, (the “Company”) (MREG.OTC-PK, Current Information) announced today that it has been made eligible for book-entry delivery and depository services of The Depository Trust Company (the “DTC”) to facilitate electronic settlement and transfer of its common shares on otcmarkets.com. The Company’s common stock CUSIP number is 58626C105.

DTC is one of the world’s largest securities depositories. Founded in 1973 and based in New York City, DTC is organized as a limited purpose trust company and provides safekeeping through electronic recordkeeping of securities balances, holding over thirty-five trillion dollars’ worth of securities on deposit. Securities approved for eligibility for electronic clearance and settlement through the DTC are considered “DTC Eligible.” This electronic method of clearing securities accelerates the receipt of stock and cash, and thus streamlines the settlement process for investors and brokers, enabling the stock to be traded cost effectively over a much wider selection of brokerage firms by coming into compliance with their requirements. While there is no requirement that any security be held at DTC to trade, many brokerage firms and issuers want to take advantage of the efficiencies and costs benefits that DTC offers.

The DTC accepts deposits of securities from its participants only, who are usually clearing firms. DTC helps boost efficiencies, reduce risk and lower costs for participants, issuers and investors throughout the lifecycle of a security. Once a security becomes DTC Eligible, DTC, through its nominee Cede & Co., is the registered holder of the securities, routinely processing dividend and interest payments and managing the electronic, “book-entry” transfer of interests in securities among participants. These participants are often holding and transferring interests in the securities at the direction of their customers, including ultimate beneficial owners.

“We are confident that the broadened appeal will allow brokers, and professional advisors previously unable or unwilling to follow or recommend the company’s stock, to become more familiar with our corporate story at this exciting phase of enterprise, growth and development,” stated Colt Melby, CEO. Mr. Melby continued “Electronic trading is the standard in today’s financial marketplace, and becoming DTC eligible greatly simplifies the process of trading our common stock. It will vastly widen our audience and potential shareholder base. Further, by facilitating and enabling trading over a broader range of firms, DTC eligibility increases the efficiency and security of the market for our shareholders, lowers the cost and transaction risk,

and serves as a reflection of our ongoing efforts to support our growing investor base as the Company develops.”

**About the Company.** On June, 30, 2016, the Company acquired all the assets of and the business of ORhub, LLC (“ORhub”). The Company estimates that annually there are over 7,000,000 implant based orthopedic surgeries. The Company’s mission is to create a new healthcare IT vertical-specific software category known as Surgical Resource Management (SRM). The Company believes it can create, as a byproduct of immediately realized productivity benefits, the world’s largest source of intelligent surgical information—a suite of products to better serve the needs of the healthcare industry, patients, and the government. The ORhub product should enable hospital and vendor cost reductions, enhance accountability, automate implant registries, create real-time advanced analytics, and improve compliance. More information on the Company’s business, product and the management team can be found on the Company’s website at [www.orhub.com](http://www.orhub.com). The Company currently trades on the Pink Sheets-Current Information Tier under the symbol MREG. Information on the Company, including unaudited financial information is available at OTC Markets under the symbol MREG.

MemReg’s office is located at 9830 S. 51st Street, Suite A-128, Phoenix, AZ 85044. The Company expects to continue to publish and post its financial information for investors on its web site.

***Forward Looking Statements.*** Certain matters discussed within this press release may be forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Although the Company believes the expectations reflected in any forward-looking statements are based on reasonable assumptions, it can give no assurances that its expectations will be attained. Such statements are inherently uncertain, and actual results and activities may differ materially from those estimated or projected. Certain factors that can affect the Company’s ability to achieve its anticipated results include, among others, uncertainties inherent in the development of a new business and limited capital.
